The Cat can rescue them from a dull rainy day, but it means lots of thrills and spills along the way. Primary myocardial disease in the cat. A model for human ... Thirty-four cats with primary myocardial disease were studied. The cats were divided into two groups, depending on the clinical, hemodynamic, angiocardiographic, and pathologic findings. Group A consisted of those cats with hypertrophic cardiomyopathy and Group B consisted of those cats with congestive cardiomyopathy. Similarity in the characteristics of cardiomyopathy in the human cat was found. Both Group A and Group B consisted predominantly of mature adult male cats. The most common.
